Please select the plan that best suits your needs. There are many advantages to participating in the EasyAccess Plan. First, you get unlimited access to our office and staff. Come in as many times during the weeks of your plan to weigh, receive up to 2 injections, or request advice from our staff. Second, you'll receive a great savings. Third, you receive preferred appointments which allows you to schedule several weeks in advance so that you can always be seen when it is most convenient for you. Finally, if you miss an appointment your cancellation fee is automatically waived.
